

**JANUARY 2019**

# Greenbushes-Balingup Newsletter

*Published and Distributed with the kind support of Greenbushes Community Resource Centre, Talison Lithium and Greenbushes Post Office. Established 1984 as an initiative of Greenbushes Ratepayers and Residents.*

## **OUR LOCAL HEROES RECOGNISED AT GROW BARBECUE**

*Local heroes (left to right) Michael Moss from MSP Engineering, Amanda Smith, Lynus Butler, Nicole Ward, Lyn Perks, Judy Perks on behalf of Don Perks, Roger Sumner on behalf of Shamrock Sporting Club, Tilly Butler, Grant Macdonald and Angie Cornish for Greenbushes Community Shed and Brendon Longbottom for Exchange Sporting Club were recognised for their contributions to the Greenbushes Community at the Grow Greenbushes End of Year Barbecue where Leanne Green, President of the Association (front right) presented Certificates.*

Recognition for service to the community was high on the agenda at the Grow Greenbushes End of Year barbecue at Thomson Park Greenbushes in December.

The combined Community Christmas Tree in the afternoon, followed by the evening free barbecue was a great day out for young and old.

Members of the community were presented with Certificates of Appreciation for a range of good deeds ranging from fundraising for the local school to supporting the Community Shed. See inside this edition for more details.

Welcome to the first edition of the Greenbushes-Balingup Newsletter for 2019.

If you have a story or photo to share with our community please send to [coordinator@greenbushescrc.net.au](mailto:coordinator@greenbushescrc.net.au) or [trainee@greenbushescrc.net.au](mailto:trainee@greenbushescrc.net.au).

Contributions will be published at the discretion of the Editor.

## GROW GREENBUSHES END OF YEAR FUNCTION AND COMMUNITY CHRISTMAS TREE

Whew!! December is always a busy month with lots of events and Christmas parties.

The Community Christmas Tree and Grow Greenbushes end of year function were a lot of fun and a great social occasion for the community to come together. A big thankyou to Megan Davies and Megan Moran for organising the Community Christmas tree. The weather was perfect and the kids had great fun on Mike Cornish's Inflatables, particularly the slippery slide and climbing walls. Santa was as popular as ever and distributed lollies and presents to eagerly awaiting children. The afternoon's entertainment was capped off by a visit from the Bridgetown Police who let the children look over their patrol car and answered questions; followed by the "Bubbles" provided by the Greenbushes Bush Fire Brigade. Thanks Tim and Justin! Thank you also to the Greenbushes Belles who supplied fresh hot donuts throughout the afternoon.

The Community Christmas tree was followed by our annual community BBQ. A big thank you to ESS from the camp who donated all the food for this event. Certificates acknowledging the efforts of the following people were presented:

Nicole Ward – for her fantastic contribution to the Greenbushes community at the CRC.

Brendon Morrison and Rebecca Cotton – for working with the Greenbushes community to develop the stage finish of the Tour of Margaret River Road Cycle Race.

Sophie Wilkinson-Knight – for her commitment to the support of the Greenbushes Community at the CRC.

Terry Somerton – For keeping Greenbushes residents "connected" and "on-line" and assisting our seniors with their "tech troubles" at the CRC.

Amanda Smith – For being involved in so many aspects of the Greenbushes Community including weeding at the Community Garden, involvement with the CRC, Community Shed, P&C and School Council, Tidy Towns and just generally helping out where she can.

Margaret Candido – For many years of commitment to fundraising for Cancer research and support via Telethon, and organisation and donating items for the Greenbushes Samaritan Gift Box initiative.

Lyn Perks – For many years of fundraising for the Cancer Council of WA hosting 'Cuppas for Cancer'; and support of the Discovery Centre and tireless work for the Anglican Church of St Barnabas.

Don Perks - For ongoing support to the Greenbushes community as Vice President of the Greenbushes Community Resource Centre Management Committee and long term support for the Greenbushes Golf Club, Greenbushes Uniting Church parish and Grow Greenbushes.

Michael Moss and the MSPE Social Club - For support of our Greenbushes community including donations to assist with equipment and facilities at the Community Shed.

*Families gathered for the presents handed out by Santa.*

*Bouncy fun for all thanks to Mike and Angie Cornish Inflatables.*

If you have some news you would like to have included in this newsletter please contact: 97643575  
Or email Greenbushes Community Resource Centre at [reception@greenbushescrc.net.au](mailto:reception@greenbushescrc.net.au)

## GROW GREENBUSHES END OF YEAR FUNCTION AND COMMUNITY CHRISTMAS TREE

Noel Hollands – For removing rubbish dumped in the bush around Greenbushes.

Shamrock Sporting Club of Greenbushes – for the fantastic work the Club does in supporting the local community, most recently with the provision and installation of a long picnic table at Greenbushes Pool.

Exchange Hotel Sporting Club – for the fantastic support they provide our community and school, in particular for sponsorship of the student's visit to the Perth Zoo.

Grant Macdonald - For supporting the Greenbushes Community Shed through participation on the Management Committee and through coordinating workshops, activities and fundraising initiatives.

Angie Cornish - For her tireless energy and input into the Greenbushes Community Shed.

Dave Robertson - For supporting the Greenbushes Community Shed through participation on the Management Committee and through coordinating workshops, activities and fundraising initiatives.

Lynus and Tilly Butler - For their efforts in walking the Bibbulmun Track to raise funds for children's cancer research and for initiating and maintaining the Little Library at the Greenbushes Pool.

Chris Mott - for his dedication and commitment to the Greenbushes Primary School this year.

As most people would be aware now, Chris will be returning to his role at Bridgetown Primary School next year and we welcome Kylie Loney as the new Principal of Greenbushes Primary School. Although I know the community would have preferred not to have further disruption at the school we need to give Kylie a chance to show how she can take our school forward. On behalf of the community of Greenbushes I would like to sincerely thank Chris for his efforts. He has put the school back on track for a positive future and given the staff, students and community confidence in our school going forward. His hard work, openness, honesty and integrity were highly valued and appreciated by the Greenbushes community. It is with deep regret that we acknowledge he won't be continuing in the role as our Principal and we wish him well for his future. We will miss you!

Finally, a big thank you to Cheryl Hamence from Bridgetown Landcare and her Helping Hands group of volunteers. They came out to the Greenbushes Pool early in December and helped Amanda Smith and I to cut back the vegetation around the pool pathways, and generally tidy up around the BBQ area.

## RHDV K5 *Calicivirus for Rabbits* Update

Blackwood Biosecurity Inc. purchased 20 vials of the K5 virus at a cost of just under \$3,000 and carried out work in December with Bridgetown-Greenbushes and Balingup landholders both in townsites and rural areas to release the virus.

There have been mixed results in some areas (which we will revisit) and we are relying on some prolonged hot weather and flies to help spread it further.

If you continue to have a problem with rabbits, let us know and we will include you when we mop up with a further release where necessary in the New Year.

## House Sparrow Sighting at Boyup Brook

A male *house sparrow* was recently spotted and photographed in the Boyup Brook townsite and reported to Blackwood Biosecurity. The bird has subsequently been destroyed, but it may have had a partner.

Department of Primary Industries and Regional Development Esperance-based biosecurity officer Darren Dixon says house sparrows are declared pests because they can cause serious damage to crops and compete with native birds.

"Public reports of serious pest birds such as the house sparrow play an important role in protecting Western Australia's agriculture industries and environment," Mr Dixon said.

"Reports enable department biosecurity officers to act quickly, undertake surveillance and remove the birds, preventing them from establishing in the wild.

"The public report and quick action of the local biosecurity group is a good example of the community working together to stop pests."

## Pokeweed Alert - Balingup

A weed that is toxic to humans and animals, Pokeweed—*Phytolacca Americana*—has been discovered in Balingup. This is a new weed for Western Australia and people are being asked to help to contain and destroy any sightings of this plant.

Have you seen this plant?

To report sightings of **POKEWEED** call 08 93683080 or go online to [mypestguide.agric.wa.gov.au](http://mypestguide.agric.wa.gov.au) to find out more.

## TALISON TRAINEES AND APPRENTICES GET SET FOR 2019

*Talison's new trainees for 2019 are all signed up and ready to start in January (left to right) Sam McIntyre, Harriet Wedderburn, Simone Reilly, Talison's General Manager Operations Craig Dawson, Sam Brody, Tim Mountford, Zoe Holdsworth, Connor Fletcher (centre front) and Apprentice Community Industry Training Consultant Lisa Taylor-Phillips. Absent from photo is trainee Lewis Johnson.*

Talison Lithium has taken on a new batch of trainees and apprentices in 2019.

The young people from Capel, Balingup, Bridgetown and Donnybrook will work and study in various fields across the site - namely Laboratory, Administration, Health, WHS&T, Stores, Electrical and Mechanical. They commenced with inductions to site in early January 2019.

It is the 7th year that Talison has offered the one year traineeships. Apprenticeships are of longer duration and Talison generally employs two new apprentices each year.

Since the programme was introduced, Talison has employed 21 trainees and 10 apprentices.

Farewell to the Class of 2018 pictured below with their parents at the end of year graduation event.

## SHOW AND SHARE YOUR PHOTOS WITH US

With the popularity of photography and platforms such as Instagram and Facebook we have decided to do the equivalent but slow method (kind of like snail mail or letters) of **SHOW AND SHARE** here in our local newsletter.

If you have a photo to share that features a local scene (Greenbushes and Balingup and surrounds), or local wildlife or people, please send in to [reception@greenbushescrc.net.au](mailto:reception@greenbushescrc.net.au).

Wildlife photos are always popular as is evidenced by a recent photograph of a python with ride sharing cane toads posted on social media from our Kimberley region. This was initially published on social media but made it into an edition of The West Australian Newspaper in early January 2019.

We think this photograph by local resident Trevor Riley rivals that photo from the Kimberley and it was taken here in Greenbushes on our very own Tourmaline Street. Trevor has also put a caption on his photograph.

I have Attached my current favourite photo which I have entitled "*Territorial tussle on Tourmaline St*". It's gruesome but incredible.

This scene, with blood-stain red on the victim's head, shocked me as I have always viewed "Stumpies" as beautiful, passive creatures. PHOTO AND CAPTION BY TREVOR RILEY of GREENBUSHES.

## SHOW AND SHARE

GOT A PHOTO OF YOUR LOCAL AREA OR LOCAL PEOPLE THAT YOU WOULD LOVE TO SHARE WITH OTHERS?

SEND IT TO US AND WE WILL PUBLISH\* IT HERE IN YOUR LOCAL NEWSLETTER. SEND IT ( WITH CAPTION) TO

## GREENBUSHES PRIMARY SCHOOL GRADUATION CONCERT

*Rachael Potter speaking at the Concert.*

*Principal Chris Mott gives the address.*

Greenbushes Primary School Principal Chris Mott acknowledged the hard work and important contribution the school's staff and the P and C had made to the school in 2018 when he gave his address at the end of year Graduation and Concert.

Mr Mott said the advocacy and relationship building of the school's parents and the school community was very much appreciated.

The end of year Graduation and Concert was compered by Maddox Lansdell, Rachael Potter, Emily Wells and Gypsy Barton. The evening featured songs and short plays presented by all students.

The awards presented to students were as follows:

Rotary Scholarship - presented by Ms Jac Giblett to Maddox Lansdell.

Junior and Senior Academic Awards - presented by Michael Moss of MSP Engineering to Edyn Hardy (Junior) and Ethan Davies (Senior).  
Citizenship Awards - presented by Terry Cooper from the Greenbushes Masonic Lodge to Shenae Woodall (Junior) and Emily Wells (Senior).

Kindy Books - presented by teacher Sarah Farquhar and Carla Paget to Chelsea Woodall, Tess McGinty and Makenzie Trippett.

Humanitarian Award - presented by Mr Jeff Baker to Campbell Royce.

Visual Arts Award - presented by Craig Dawson to Edyn Hardy.

Music Award - presented by music teacher Louise Hodge to Maddox Lansdell.

Science Awards - presented by teachers Deb Penney and Sarah Farquhar to Leah Woodall (Junior) and Ethan Davies (Senior).

LOTE Award - presented by Greenbushes Shire President to Rachael Potter.

Physical Education and Sportsmanship Award - presented by Principal Chris Mott to Gypsy Barton.

Local Police officers Sergeant Phil Nation and his daughter Constable Laura Nation were at the Graduation and Concert to present a new bicycle and helmet donated by the Shire of Bridgetown Greenbushes Roadwise Committee to the student observed to be obeying and understanding road rules. The student chosen for the award was Eugenie Smith.

The evening was an opportunity to give a final farewell to the departing Year 6 students for 2018—Chris Bennett, Emily Wells, Gypsy Barton, Ethan Davies, Maddox Lansdell and Rachael Potter. The students were presented with gifts donated by Sharen Petterson from the Greenbushes Roadhouse.

### Pat's Patch...Cr Pat Scallan

2019 is a New Year and a time to set some (realistic) goals and see what opportunities we can make the most of.

I am in the process of putting some thoughts together for the Shire budget process so if you have any suggestions or ideas I would love to hear from you. If there are any questions Shire related or other I am always contactable and willing to pursue information or an answer for you if I cannot respond in the first instance.

Projects wise, most of which are grant dependant, include the relocation of the Railway Station to Discovery Centre, Dumpling Gully Dams project and the Carpark at the rear of the commercial precinct.

Another potential community project this year is the Long Table function to commemorate 130 years of Mining and Timber Milling which is in the planning stage. Even though this was achieved in 2018 it will be celebrated this year when we don't conflict with the 150 year celebration of the founding of Bridgetown.

Another milestone this year will be celebrating the centenary of the Greenbushes RSL Sub-Branch. A weekend of celebration and commemoration of those who started the Sub-Branch and those who were members over the years and also recognising all those members who did not return or returned with injuries.

One of my pet hates at the moment is the amount of rubbish being dropped off at the car bays on the Highway currently and this is not transient rubbish but household rubbish. Main Roads will eventually take the rubbish bins away if this persists as it is not their responsibility to get rid of household rubbish. The bins also get filled up quickly and then the rubbish is put alongside which then blows away or gets pulled apart by crows.

Another issue is about the unnecessary scourge in town more related to hooning and wheel spinning. This should not be tolerated, one issue being that it may end up with tears following, potential injuries or even worse for the driver or unsuspecting bystander(s). In addition it is also up to the community to put their hands up and report the issues and be prepared to go to court as a witness. The police can only do so much and cannot be around town 24 hours a day. I am happy to be informed with the details and I will notify the police who will act as soon as practicable. (Continued)

## MINE NEWS - Craig's Corner

Well here we are at the start of a brand new year. I hope dear reader that you got to spend some quality time with loved ones during the Christmas/New Year period. For those Greenbushes personnel who worked during this time – a very big thank you for your time and efforts in keeping each other safe during what can be a problematic period.

Myself and Jacqui managed to haul our van down to Albany for a week's break prior to the New Year. Despite a desire to spend some time at the beach and get a sun tan we had nice cool weather the entire time so had to make do with relaxing with a couple of good books (and the odd fine wine). We had an early Christmas with our Son and Daughter in Law in early December and managed to catch up briefly with our Daughter mid-month before she flew out to spend a white Christmas in St Petersburg (she beat us to one of our "bucket list" destinations) and Hogmanay in Edinburgh.

I had the opportunity during December to present the Talison/Greenbushes story to:

- Hon. Diane Evers – MLC member for South West Region;
- Local community members at the Greenbushes Town Hall;
- Camborne School of Mines representative;
- Ministers from the WA Liberal Party; and representatives from our major shareholder Tianqi.
- Greenbushes also hosted a visit by members of the Talison Board during December.

Myself and Jacqui had the pleasure of attending the Greenbushes Primary School end of year concert which again, in my view, demonstrated the high calibre of students and staff at the school.

It was bittersweet during December whereby we bade a sad farewell to our 2018 Trainees and graduating apprentices but we also happily welcomed our 2019 Trainees and apprentices into the Talison family. The Traineeship programme adopted by Talison is a great opportunity for local youth to gain an exposure to working life and whilst we often take them in as "children" by the end of the 12 months we send them out into the big wide world as young adults. It was a delight to see the maturing of our 2018 Trainees and I look forward to working with our 2019 intake over the next 12 months.

The community presentation at the Greenbushes Town Hall in early December was very well attended and afforded local residents the opportunity to gain a greater appreciation of the exciting expansion plans for the Greenbushes Operations and the challenges, benefits and opportunities which will flow from the expansions, and the importance of Greenbushes in supporting the global energy revolution.

The 2019 year is going to be a very busy year for the Greenbushes Operations. We will be commissioning our new Chemical Grade Plant #2 (**CGP2**) and hopefully (pending Regulatory approvals), commencing construction of two more processing plants (Chemical Grade Plant #3 (**CGP3**) and Tailings Retreatment Plant (**TRP**)), mid-year.

Employee numbers are expected to grow substantially during 2019 with an estimated 187 new operational employees to be added to the Greenbushes Operations team. This will bring total workforce numbers to approximately 700 employees by the end of 2019.

Mine activities are accelerating with an additional mining crew engaged by SG Mining to support the commissioning of CGP2. Both process plants continue to operate, in line with, or above Budget production rates.

Construction of the new CGP2 processing plant and water treatment plant (located on the Western side of Maranup Ford Road) continues at pace. CGP2 remains on track for handover from Pat Scallan's Projects team to my Operations team in Q2 next year.

Maranup Ford roadworks will commence in early February. There will be a continuation of the dual lane from the Mine Administration entrance gate to town. Please take care while the roadworks are underway.

Craig Dawson—General Manager: Operations

### THE TALISON COMMUNITY LIAISON OFFICE

The Talison Community Liaison Office will be available to community members to provide information and answer queries regarding Talison's current activities and future operations.

Member for Warren-Blackwood  
*Working with regional communities  
 to create a better future for  
 families, businesses and towns.*

### Enhanced Prescribed Burning - Petition

The Nationals WA have launched a petition calling on the State Government to continue funding the Enhanced Prescribed Burning program in an effort to reduce the risk of large, out of control bushfires threatening our communities. In 2015, the Nationals in Government provided \$20m through *Royalties for Regions* to assist the Department of Biodiversity, Conservation and Attractions meet the prescribed burning target for the south west forest region. The funding boost resulted in the Department achieving their best results as compared to the previous eight years. Funding for this program is due to end in June 2019, and as yet, no allocation has been set aside in the State Budget for it to continue.

Copies of the petition are available through my electorate office—phone 98483171 to arrange.

### Electorate Matters

One of the most rewarding aspects of my job is meeting people from across the electorate, and helping to navigate solutions to issues.

Being in Opposition is difficult as I like to have a decision-making role and get things done, however not having Ministerial responsibilities has allowed me to spend more time in the electorate and further my understanding of local issues.

I have enjoyed this aspect and look forward to researching and progressing key issues affecting families, primary producers, businesses and communities.

### Road Safety

There is no greater reminder to be vigilant on the roads than coming across an accident and seeing our emergency service volunteers in action.

The holiday season is busy with many of our towns popular tourist destinations. This means extra people, cars and drivers unfamiliar with country roads. Please take extra care, leave plenty of room between vehicles, watch out for kangaroos and overtake only when safe.

Hats off to our amazing emergency service volunteers! Enjoy the summer holiday period, and best wishes for 2019.

## PLANT OF THE MONTH

With

*Felicity Littleton*

### **Gompholobium (Wedge Peas)**

Gomphos = club – lobos = pod

This is a very interesting plant that has various forms, but the species that grows in this district is a climber. The flower is a stunning yellow variety that seems to shine out at you from the bush.

In other situations, the flower may be orange or even pinkish but I personally have not seen these here.

Most Gompholobiums that I have seen in my life normally have large showy flowers. They possess a typical Pea shaped flower, this means that the flower is an irregular shape and often the “standard” petal (the petal at the back of the flower), can vary in size depending on the species. Some of these petals appear surprisingly large.

As a matter of interest, some other Gompholobiums that grow in this district are: *G. capitatum* – this plant bearing equally showy flowers, being arranged in a terminal cap. *G. confertum* – a shrub at about 1m tall having gorgeous dense purple/mauve flower heads. *G. ovatum* - has egg-shaped leaves and can have a variety of flower colours. They can be yellow, orange, red, brown, purple or pink. I have only seen them in a beautiful rich orange colour. This is a very eye catching plant. People often ask “What is that one?”

I always remind myself that these plants that belong to the Pea family (FABACEAE) are very clever in that they improve soil fertility. Their roots, in association with bacteria, convert atmospheric Nitrogen into organic Nitrogen compounds which are important plant nutrients.

Think about growing a few of these species in your garden.

*Felicity Littleton*

# Once Upon a ~~time~~-line

By Trevor William Riley 2018

(continued from December Edition)

The expansion of Talison Lithium's Greenbushes mine has re-ignited the debate about the use of the currently closed Bunbury to Greenbushes Railway Line. Talison Lithium, the South West Development Commission (SWDC) and ARC Infrastructure have recently carried out a preliminary study into the feasibility of reopening the Greenbushes railway line.

A fact sheet produced by the project partners states "Results are indicating that rail as a transport solution could be competitive with road. However there are significant capital investments required across the whole supply chain, from mine through to port and processing facilities. The next phase is to obtain State Government support to proceed with a more detailed assessment of the most viable rail supply chain solution. There are numerous agencies who would need to support and feed into the next stage of the study. Project partners are seeking guidance on the most appropriate State Government agency to support proceeding to the next phase."

**Factor in the rate of change of technology and we have added another wild card: driverless trains in the Pilbara, electric trains, and 300 km/hour trains around the world and the landscape of the project could change dramatically.**

## October 2018

"Every picture tells a story." The following photos tell the story of evolution and deterioration of the station sites along the Donnybrook to Bridgetown railway line (and beyond). Here are the current physical status stories of those once-dynamic station sites.

### 1. Brookhampton

Once a vibrant station with loading siding and locomotive turntable, today, the only clues to that history are the remnants of the elevated loading platform, a concrete arc from the turntable, and the former Station Master's House which is now a private residence.

### 2. Newlands

Formerly a station/siding, now only a disintegrating elevated loading platform.

# Once Upon a time-line

By Trevor William Riley 2018

(continued from December Edition)

## 2.Newlands (cont...)

## 3.Kirup (formerly North or Upper Capel)

Once a vibrant passenger and freight station with Station Master's House and fettlers' cottages at the bottom of Station Street in the town, all that remains today is the decaying, elevated, loading platform against a network of 4 separate rail lines (a spur to the loading platform, former lines to Grimwade and the Kirup timber mill, and the main line on down through Mullalyup) . Pictured below.

## 4.Mullalyup

Once an active rural site with station, passenger and loading platforms, and various sheds, it is now only the single line with two former packing sheds remaining, some replacement steel sleepers and some old rotting Jarrah sleepers, and the former Station Master's House nearby.

## Once Upon a ~~time~~ line

By Trevor William Riley 2018

(continued from December Edition)

### 5. Balingup

Once a station and produce siding with sale yards and turntable, now all that remains is the single line and water tank, a platform remnant, the former Station Master's House which is also a significant heritage icon in the town (in the trees on the right of the line), and the prominent town feature of "The Packing Shed".

**Once Upon a Time-Line** to be continued in the February Edition.  
Coming Up - North Greenbushes Railway Station, Catterick and Hester Sidings.

## GREENBUSHES CWA BELLES NEWS

Happy New Year! We hope your 2019 is off to a fantastic start and that you have an exciting year planned – and yes you guessed it, the Belles have a big year planned and lots of exciting changes coming.

We will be kicking off the year with a Chill & Chat event on **Thursday 10<sup>th</sup> January** where we will be continuing to make the Poppies for our poppy wall. We would love you to come and join us, even if you are not crafty. There are many areas where you can help from counting poppies to cutting shapes out of felt, or sewing, crocheting and even knitting. If you don't want to do any of that, just join us for a few laughs, good food and a drink. See the advert for more details or contact [greenbushesbelles@gmail.com](mailto:greenbushesbelles@gmail.com) or text me on 0408 301 002. All materials supplied.

Also in January we will be having our Annual General Meeting, on **Thursday 17<sup>th</sup> January**, where new members can come along and join the CWA. Membership is \$65 per year and you get many perks including meeting lots of fun and friendly women, who are all community minded. We often hear that ladies don't join the CWA as they are worried they aren't crafters or bakers, but believe me we appreciate any skills you have. Our members have ranged from 20 years to 80+ years old, have pet snakes, ride horses, enjoy live music, work, don't work, live from Manjimup to Mullalyup, and are as varied as the weather (but hopefully more reliable!!). If you would like to know more about joining the CWA please contact me on the email or number above.

On a final note, this will be my last time writing this column, as my role of Branch President has come to an end. CWA allows a maximum of 3 consecutive years in a role as an office bearer, and as I have been in this role since our branch commenced in 2016, my term has now ended. In addition to this we are moving back to the Bunbury area this month and have a year of new and exciting challenges ahead. Thank you to the community members and businesses who have supported not only the Greenbushes Belles CWA branch over the past years, but to those who supported me personally to undertake my role in establishing a new branch. I wish the 2019 Branch President, Vice President, Secretary and Treasurer all the best for the coming year – and no doubt they will be announced in the February newsletter (or come to the AGM to find out earlier).

Karen Browne  
President

*The countenance is the portrait of the soul and the eyes mark its intentions...*

*Marcus Tullius Cicero*

# Greenbushes Community Resource Centre News

## Welcome to the New Year!

We hope that everyone has had a happy and safe Christmas and you've all kicked off 2019 on the right foot.

We are looking forward to another great year at the Greenbushes CRC and hope to see many old and new faces come through our doors.

There are a few great activities coming up in this School Holidays such as the Upcycled Pot People Workshop with Leanne and the Kids Yoga and Healthy Tonics session with Beth & Shannon to get the kids feeling fresh and ready to head back to School.

It's also time for many of us to refresh and renew our First Aid knowledge. Join us in February for your half day re-accreditation or full day -full accreditation (GCRC Members receive a great discount!) (See flyers for more details)

*Nicole and the CRC Staff & Volunteers*

- ♥ Saturday 09/02/2019 **First Aid - Re-Accreditation & Full-Accreditation** provided by Allens Training. (see flyer for more details).

## Volunteer Service Recognised

On Friday 21 December 2018, at the Greenbushes CRC we celebrated Christmas with Members of our Board, our Book & Craft Clubs members and the Greenbushes Community Shed Committee.

During the celebrations we awarded our Vice Chair: "Don Perks" with an Honorary Life Membership with the Greenbushes CRC.

Don is a well-known local, who was born in Bridgetown, lived on the family farm in Catterick until the age of 4 and then moved into Greenbushes when the family moved into town as his father went off to War.

Don did all his schooling in Greenbushes and raised his own family there too.

He has done many years of wonderful volunteer work not only with our CRC but within other groups in the community.

It was so lovely to recognise a man in the community who has a heart of gold and gives so much to Greenbushes.

Thank you Don.

Greenbushes CRC Chairperson: Nicola Banks  
Vice Chair: Don Perks  
and Coordinator: Nicole Ward.

## Provide First Aid

**Saturday 9th February 2019**

**\$50 per person full accreditation 9am-5pm**

## INDEPENDENT REAL ESTATE AGENT 20 YEARS SELLING EXPERIENCE IN THE BLACKWOOD VALLEY

### REASONS TO SELL WITH US

#### Thinking of Selling Your Home?

There are different ways to sell your property, you may wish to do this yourself or work with a qualified agent. You can find more information from the Department of Mines Industry Regulation and Safety, REIWA and realestate.com.au.

**Exclusive Listing** (you grant a single agency the right to sell your home)

**Non Exclusive Listing** (you allow more than one agency the right to sell your home)

#### **Auction**

#### **For Sale by Owner**

To learn more, please contact us at John Rich Real Estate on 0429 101 264.

JOHN RICH REAL ESTATE

#### For Sale

#### Your home could be listed here.

Have you been thinking about making changes and not sure what to do? We know that selling a property or home is not just about contracts, deposits and commissions – it's a big decision and we are here to help make that process much easier for you. We are easily contactable, open 7 days a week and for us the sale of your home is personal - you're not just a number.

#### Rental Properties

We are seeking rental properties in Balingup, Greenbushes and surrounding areas.

We would like the opportunity to find the right people for your home.

We understand that your home is not just a source of rent but a valuable asset for you and your family's future.

#### **Negotiable Selling Fees & No Hidden Marketing Costs!**

#### **A No Sale No Fee Policy & Varied Real Estate Website Exposure for Free!**

#### **A Professional Service available 7 days a Week!**

#### **Property Management Available!**

## NEW YEARS RESOLUTIONS

Do you make New Year's resolutions each year and then not keep them?

You may promise to exercise more, lose weight, eat healthily, pay off debt and quit smoking. All good, but how many keep those promises to self.

In 2015 an app called finder.com.au reported that 58 percent of Australian's failed to keep their resolutions. Finder.com also further reports that of the 42 percent who do keep their resolutions there are some common threats (or secrets to success).

1. Only make one resolution as having too many is why many fail to keep them.
2. Keep track of your progress with an APP. An APP can help you monitor yourself and serve as a reminder of your resolution.
3. Share it with friends because it is harder to back out.
4. Move to Tasmania - those living in Tassie reported the highest rate of staying power in Australia with 46 percent keeping their resolutions.
5. Don't sweat it - just get back on track if you have had a setback.

Source: Healthworks Well At Work January 2019.

## BENEFITS OF A 10 MINUTE WALK

A study published in the "Proceedings of the National Academy of Sciences" found that a single brief spurt of very easy exercise can immediately alter how certain parts of the brain communicate and coordinate with one another, as well as improve memory function.

These findings showed that exercise can change people's brains and minds right away, without requiring weeks and weeks of working out.
