TIN MAN TO ENTICE TOURISTS TO TURN IN

There's a new attraction on the South Western Highway at the northern approach to Greenbushes.

A life size "Tin Man" created by local metal work artisan Mick Latimer is aimed at getting people to turn in off the highway and visit Greenbushes.

With plans for solar lighting on the sculpture, which is made from recycled metal, the tin man will cast a ghostly glow in the night in a nod to the town's proud mining history.

The project, to create two entrance statements, one at Stanifer Street at the southern entrance to the town and the tin man in parkland adjacent to the highway at the northern entrance is also aimed at uniting the timber, farming and mining communities of Greenbushes.

The second sculpture features a farmer.

A project of the Greenbushes Ratepayers and Residents Association, the sculptures have been funded using a grant from the Friends of the South West Community (FOSWC) programme.

FOSWC gave a total fund pool of \$360,000 to projects in the south-west in 2016 including the \$5,000 donation to the Greenbushes Ratepayers and Residents Association.

FOSWC wishes to acknowledge generous donations from the following donors — Dale Alcock Homes, Leeuwin Estate, South West Development Commission, Alcoa, Vukelic Holdings and South32 Worsley Alumina (formerly BHP Worsley).

Greenbushes Tidy Towns Bid

Greenbushes Tidy Towns Coordinator Leonie Eastcott with the State Finalist Certificates issued to Greenbushes for the 2016 Keep Australia Beautiful Tidy Towns Sustainable Communities Awards.

Fifty seven towns across Western Australia were among the seven shortlisted for the State's tidiest town award. Greenbushes has been entering the awards for the past 20 years.

Tidy Towns Judges will visit June 9.

Greenbushes has been shortlisted for the State finals in five of the six categories in the 2016 Keep Australia Beautiful WA Tidy Towns Sustainable Communities Awards.

Greenbushes Tidy Towns Coordinator Leonie Eastcott said the group was thrilled to have received recognition with Greenbushes being a serious contender for the title of Tidy Towns Award winner for WA.

"We have been in the awards for the past 20 years and this is the best we have achieved to date which is a great reward for the hard work our community members put in each year on many projects to improve our town", she said.

Projects that ticked the judges' boxes include the Tidy Town's Committee's Water Without Waste project which saw the purchase of a portable water station to dispense filtered water from a mains water supply tap. Other projects included the South Western Highway sculptures, the Greenbushes Primary School Bush Block care project and the Blackwood Basin Group's Water Bird habitat project at Schwenke's Dam. The Greenbushes Community Garden's Morning Teas were also highlighted by the Keep Australia Beautiful Judges.

A big thank you to everyone involved in the Greenbushes Fun Run on Sunday, 15th May. The weather was great and the participants enjoyed a walk, or run along our lovely bush tracks. Another great Greenbushes event. Thank you once again to everyone who helped make it a success and we look forward to next year - Sunday 21st May 2017!

A reminder that a kerbside hard rubbish collection will be carried out by the Shire from 7th to 10th June for Greenbushes and Hester. Have your rubbish out before 7th June, or it may miss the collection. See this newsletter for more details on the type and volume of rubbish that will be collected.

An official opening on Friday 17th June will launch the new brochure for the Little Schools trail in the Bridgetown-Greenbushes Shire. The Little Schools trail, part of the Geegeelup Heritage Trail, is a 212 km drive and features sites of the 25 'Little Schools' which served the Bridgetown-Greenbushes district between 1903 and 1984.

For further information on this trail contact the Bridgetown-Greenbushes Visitor Centre, or pick up a brochure from the Greenbushes Discovery Centre, Greenbushes Roadhouse, Post Office, Community Resource Centre or Tasty Edibles Café.

PLASTIC FREE JULY AND A BIRTHDAY PLANNED

Did you know we are coming up to our 7th birthday? Yes, it was all the way back in 2009 that we began to investigate whether a community garden in Greenbushes would work. We will be having a **7th birthday celebration morning tea** in Spring this year. More information on the date and planned festivities will be in our next update.

Some of our members popped over to Collie on the stormy weekend of May 21st to visit their community garden. A group from Narrogin who run the Gnarojin Community Garden also came along and we all shared stories and swapped ideas over lunch. Thanks to Cath Dowdell and the Collie team for such a lovely gathering, even with the torrential rain!

Have you heard of **Plastic Free July**? This began as a simple idea in Perth in 2011 by the Western Metropolitan Regional Council and was developed by the clever Earth Carers staff. It aims to raise awareness of the amount of plastic in our lives by encouraging people to eliminate the use of single-use plastic during July each year.

What began as a local community initiative has grown and expanded across the globe with 10's of thousands of participants all over the world now taking part each year. It is the perfect example of grass roots movements where our actions as individuals can contribute to significant global change.

Plastic is designed to last forever, yet every day we use it for disposable items which last a few minutes and throw away. Most is landfilled, some is recycled and some ends up in the environment. It is estimated that 8 million tonnes enter the oceans per year where it entangles and is ingested by wildlife.

To support this great event we are holding our own '**Plastic Free July**' **Community Morning Tea** on July 2nd from 9.30 - 11.30am. We will have Eco silk shopping bags for sale, produce bags for sale, displays on how to reduce your plastic usage, recipes for DIY body care products and more, plus a raffle to win a basket filled with prizes that – *you guessed it* – are plastic free! We want you to come along and tell us your top 5 ways that you reduce single use plastic. We'll put these ideas together and publish them in the August Newsletter.

For more information and to sign up yourself or your family, business, school or organisation, visit the website :

<http://www.plasticfreejuly.org>

You can sign up for a day, a week or the whole month and try to refuse ALL single-use plastic or try the TOP 4: plastic bags, water bottles, takeaway coffee cups and straws.

Don't worry, it's a challenge not a competition so give it a try - it's not about being perfect! We're looking forward to hearing your plastic-free ideas, see you there.

Every bit of plastic ever made still exists somewhere and in the first 10 years of this century there was already more plastic produced than the entire last century.

Water, water everywhere...

Did you know that advertising guru's tell that the story of selling bottled water is now the Gold Standard in marketing? The story is that a commodity that comes out of the tap for next to no cost and which in Australia tastes pretty good, is put in a bottle with a 2,600 percent mark-up!

The main problems with bottled water are that the bottles have travelled many carbon emitting kilometres and the plastic languishes in the environment polluting our beaches, waterways and highways.

According to Choice Magazine beverage companies raked in \$688m from the sale of water bottles in this year alone.

Incredibly in research recently conducted in New South Wales 40 percent of people said they didn't drink water straight from the tap, 10 percent drank bottled water exclusively, six percent boiled their water before drinking and 2 percent said they didn't drink any water at all.

Greenbushes Ratepayers and Residents Association recently purchased a Water Without Waste portable water filtration unit for use at community and sporting events.

The unit, which was purchased with money from the Keep Australia Beautiful Community Litter Grant Programme, can be connected to mains water to supply fresh filtered water.

If you would like to find out more contact the Greenbushes Tidy Towns Committee via the email gwalia1@inet.net.au.

GREENBUSHES WEED PROJECT HIGHLIGHTED AT WORKSHOP

A project to tackle weeds on the Greenbushes Mining Heritage Walk Trail was highlighted at a recent Biosecurity Expo in Bridgetown attended by more than 70 people.

The Biosecurity Expo was coordinated by the Blackwood Biosecurity group to focus on biosecurity and biodiversity issues in the Shire of Bridgetown-Greenbushes.

The Greenbushes Discovery Centre's walk trail weeds project was one of the initiatives highlighted at the Expo to raise public awareness about local action on weeds.

The Greenbushes Discovery Centre project will tackle tagasaste, blackberry, watsonia and periwinkle weeds over a 4 hectare area of bushland adjacent to the Greenbushes town site.

The project has been supported with a Community Action Grant from the Western Australian Government's State NRM program supported by Royalties for Regions.

The Blackwood Basin Group is assisting the Discovery Centre by carrying out the weed survey and mapping with the assistance of community volunteers.

Talison Lithium is also assisting by providing some of the chemicals required for any spraying that is required to control the weeds.

A presentation at the workshop by Talison Lithium (managers of the mining lease on which the walk trail is situated) and Greenbushes Discovery Centre focused on the partnerships and community involvement required in the control of weeds in public recreation areas such as walk trails.

RABBIT VIRUS DUE FOR RELEASE

The Biosecurity Expo at Bridgetown in May was also aimed at raising awareness about feral pests and other biodiversity threats in our local area.

The National Rabbit Calicivirus Roadshow was an important feature of the Biosecurity Expo at Bridgetown.

Blackwood Biosecurity Group spokesperson Sheila Howatt told the Expo participants that the group would coordinate the local release of a new strain of Calicivirus (K5) in the Bridgetown-Greenbushes area in 2016.

For further information about the K5 release or other projects email projects@blackwoodbiosecurity.org.au or phone Sheila on 0475774558.

CRAFT GROUPS ADD UNIQUE TOUCH TO NEW BANNERS

Two craft groups in Greenbushes will add a unique touch to new banners being prepared for the Community Garden.

The Stinton Gardens Activity Group and Greenbushes Community Resource Centre Craft Group members have been given a banner each to applique and embroider.

The banner project has been funded by a grant from the Department of Local Government and Communities Community Gardens Grant Programme.

Community Garden Coordinator Tracy Lansdell said the new banners would be used to attract people to the garden for workshops and free community morning teas held on the first Saturday of each month.

She said the involvement of the local craft groups would give a "unique" look to the banners which will fly at the front of the Community Garden on Blackwood Road Greenbushes.

Greenbushes Primary School students interview Don and Judy Perks about their days at Greenbushes Primary School.

Older residents of Greenbushes visited the school recently to share their “school day” stories with youngsters at the school in 2016.

Students from Room 1 would like to thank Don Perks, Judy Perks and Terry Cooper for visiting the school to talk about what it was like at the school in their day.

Mr Perks went to Greenbushes Primary and Mr Cooper went to school in Mullalyup.

Mrs Perks talked about her children and grandchildren who attended Greenbushes School and also about her time as the school’s gardener.

Both Mr Perks and Mr Cooper explained about getting ‘6 of the best’ for misbehaving at school. They had to explain what exactly this meant.

They both said that they did not have school uniforms and did not even wear shoes.

Mr Perks said there were a number of mine tunnels on the school oval when he was at school and the students would go down them and when they popped back up the Headmaster would be there waiting for a please explain.

The students also visited the Greenbushes Discovery Centre to look at the displays and heritage items at the centre.

WINTER WARMERS FOOD SHARE ACTIVITIES PROMOTE NEIGHBOURHOOD

Food and culture were highlighted in May with a special project coordinated by the Greenbushes CRC and funded by a Neighbourhood Week Grant through Link west.

Two events were held with the aim of bringing different generations together to cook and share food. A seniors' food preparation activity was held at the Greenbushes Hall and students were invited over to share a meal with the seniors. The second activity involved students in preparing a Japanese themed feast before dressing up in Japanese costumes. WA Health Services Officer Michelle Spargo assisted the seniors' cooking activity by providing tips for economical meals and Yuko Tonai-Moore assisted with the Japanese cooking extravaganza.

WEEDS ON THE RADAR FOR GREENBUSHES STUDENTS

The Greenbushes Tidy Towns committee is helping local students identify and remove weeds on a bush block opposite the school.

The Term Two project involved students in examining weed samples in the classroom before walking across the road to the bushland to locate and remove weed species.

Talison Environmental Officer Tom Mitchell was on hand to help with the weeding project along with community volunteer Felicity Littleton.

Greenbushes Ratepayers and Residents Association President and Tidy Towns Committee member Leanne Green has been the driving force behind the project since its inception and has been working closely with Greenbushes Primary School teacher Rose Fullston to carry out citizen science projects with the students.

Weeds removed at the recent activity include bridal creeper, tagasaste and watsonia.

The bushland area was also “control burned” recently to remove weeds, regenerate native species and reduce fuel levels.

Blackwood Basin Group Update

The Priority Bittern and Waterbird Biodiversity Enhancement Project, coordinated by the Blackwood Basin Group (BBG), is a four year project, funded by the Australian Government, which aims to create a wetland haven at Schwenke's Dam, Greenbushes, to attract critically endangered waterbirds.

Help bring the Bittern back from the brink of extinction.

MORNING TEAS RAISE FUNDS FOR CANCER COUNCIL

Gillian Lange from Mullalyup, Faye DaRonch from Greenbushes, Judy Perks, Greenbushes and Mary Iacopetta from Greenbushes joined Lyn Perks (second from right) at her cuppa for cancer in May.

Greenbushes resident Lyn Perks hosted her 20th morning tea for the Cancer Council in May.

Mrs Perks has been hosting the “Biggest Morning Tea” at her home since losing a good friend to cancer.

Delicious cakes and slices and a chance to wander through the garden of Barry and Lyn Perks ensured a good turn-out for the event.

Winner of the Knee Rug donated by the CRC craft club was Jill, The Owl donated by the Blackwood Inn at Mullalyup was won by Trish, His and Her's Aprons donated by Stinton Gardens were won by Angela and snuggly slippers donated by Mary went home with Edna.
