Published and Distributed with the kind support of Greenbushes Community Resource Centre, Talison Lithium and Greenbushes Post Office. Established 1984 as an initiative of Greenbushes Ratepayers and Residents.

ALL THE FUN OF THE RUN AT GREENBUSHES

Proudly supporting

Local front runners Susie Woodall (Open Female winner) and Russell Forrest (Open Male winner) burst through the gates to lead the pack in the Greenbushes Fun Run and MTB held on Sunday 26 May just ahead of Ashley Cooling who took out the Female Junior award for the 10 km run. . For all the details and photos from the event see inside this edition.

Thank you to all of our sponsors, supporters and competitors who made the event such a Fun Day.

LIGHTS ON – BALINGUP

Finally the lighting is going up at the Balingup Tennis Club!

Balingup local Andrew Scott was successful in winning an award from Bendigo Bank as a Club Volunteer of the year in the Shire of Donnybrook Balingup and has put the \$1,000 towards this venture along with \$25,000 Sports South Australia .

See inside this edition for more details. Volunteers for the in-kind labour portion of the project are welcome.

To contribute stories or photos please email : reception@greenbushescrc.net.au

COLOUR SPLASH AT POPULAR GREENBUSHES PARK

Greenbushes Primary School students are adding a splash of colour to Thomson Park which is opposite their school.

Timber bollards and metal parking barriers around the oval, along the edge of the carpark area and at the entrance to the Skate Park now feature an array of bright colours. And there's more to come.

Principal Kylie Loney said the idea came about after she attended a meeting of the Grow Greenbushes group which was considering projects to make the area more attractive for young people.

"We started the project back in March with students taking photographs of the area and working on designs to make it more attractive," she said.

"Grow Greenbushes provided us with some funding to buy paints and the local Mitre 10 donated some tins and gave us a discounted price on other paints and brushes," she said.

The donated paints have been put to good use with the students painting bollards and creating a colourful handprint design at the skate park (pictured right).

The students are pictured below at work with a little help from Talison's new Manager of Safety, Environment and Community, Bruce Vernon.

LOCAL DAIRYMAN TEACHES CHEESEMAKING

Tony Pratico is a man of many hats - local dairy farmer; proprietor of Chooks chicken treat; Mr Soft and Scoop Icecream Van man ; President of the Shire of Bridgetown Greenbushes and now teacher of Cheesemaking at Greenbushes Primary School.

Mr Pratico shared his knowledge of cheesemaking with the students and followed up by providing students and community members with free icecreams at a recent Fun Day and BBQ at the school.

CONGRATULATIONS

Congratulations to Hugh Browne on his recent award at the Shire of Bridgetown Greenbushes Volunteer Function in May.

Hugh received a Distinguished Service Award for his outstanding service as Fire Control Officer for the Shire. He retired from the position in 2018 but had served on local brigades for more than 50 years.

NEW DEFIBRILLATOR IN TOWN

A life saving defibrillator has been installed at the Greenbushes Community Resource Centre.

The CRC successfully applied for a grant through St John Ambulance to fund the purchase and installation of the equipment pictured above with CRC Co-ordinator, Nicole Ward.

See inside this edition of the newsletter to find out about the downloadable phone app which could save lives by providing fast access to emergency assistance.

There are now two defibrillators in town - the other one is at the Post Office.

Pat's Patch...Cr Pat Scallan

There has been some positive and constructive feedback from the Visitor Centre community meetings and this will be considered by Council in due course, so thanks to everyone who has participated and contributed.

Congratulations on a wonderful Greenbushes Fun Run and MTB event held last weekend. We had a great turnout and the weather was kind, all contributing to a fun, active / healthy and successful day. Thanks to everyone who assisted in making the event successful, especially the sponsors and donors of prizes and the volunteers who assisted in managing the event.

The community will be having a farewell for Steve and Leanne Green on Tuesday evening the 18 June 2019 at Tasty Edibles.....Steve and Leanne have contributed an enormous amount to Greenbushes over the years with many community groups so if you would like to attend please RSVP by June 12 to Leonie on mobile 0427643065 or email leonie.letchford@talisonlithium.com

The burning season is now open however there have been a number of out of control fires over the last 2 weeks so please take care how you manage your burns and remember it is our volunteers who are called in to assist to put them out.

At long last we have had the western side of town fuel reduction burn carried out which will further eliminate the risk of fires going forward on this front. A big thanks to DBCA boys for doing this and managing it so well.

SOCCER CLINIC

A Football South West Coach provided a soccer clinic at the Greenbushes Primary School in May.

The clinic gave students some valuable skills as they prepare for the Lightning Carnival against other small schools in Boyup Brook on June 28. The students also received some new soccer balls to assist with their training.

MINE NEWS - Craig's Corner

Wasn't the Greenbushes Pink Fun Run and Mountain Bike event a fantastic success once again? All the Grow Greenbushes committee members and the myriad of volunteers who assist with the set-up and running of this event should be rightly proud of their achievement. I would like to personally thank all Talison staff and particularly members of my Senior Management Team and their partners who assisted during the set up and on the day itself. The weather was very kind to us again and I look forward to being able to again participate in next year's event.

We had the opportunity during May to present the Talison/Greenbushes story to:

- Representatives from the Industrial and Commercial Bank of China;
- Members of the South West Development Commission;
- Woolnough Geological Society from the University of Western Australia;
- Representatives from the Latin America Downunder Conference;
- Representatives from the Societe General Bank;
- Members of the Leadership WA 2019 cohort;
- Members of the Meanderers Caravan Club;
- Members of the Australian Shareholders Association; and
- Members of the Bunbury Rotary Club.

Work on the detailed design work for the proposed Mine Access Road has progressed to the 85% design stage. Talison will again meet with the community nominated representatives and representatives from the Shire of Bridgetown-Greenbushes during June to review the proposal ahead of the final detailed design being presented to the Shire of Bridgetown-Greenbushes for approval.

Roadworks to extend the slow traffic passing lane from the Mine's Gate 1 to the Western end of Stanifer Street are complete for the time being. A final top coat will be applied later this year once the weather returns to being conducive to undertake the works (i.e. it gets warmer). Thank you to all members of the community for their patience and courtesy during the construction period.

Dry and wet commissioning of the new Chemical Grade Processing Plant #2 (**CGP2**) is progressing well with first ore planned to be fed through the new crushing circuit in early June and into the main processing plant before the end of June.

It continues to be an extremely busy time with "all hands on deck" to complete construction activities. It is expected that manning levels of the construction teams will reduce over the coming month as work areas are completed.

Design work for the new Mine Services Area (**MSA**) has commenced and is progressing at pace utilising the services of Mondium for the design and costing activities. It is planned that a community consultation meeting will be held once all environmental approvals for the CGP3/4 Project have been granted to provide an overview of the location and scope of the MSA.

Mine activities continue to accelerate in preparation for CGP2 coming online – construction of the ROM pad for CGP2 is all but complete and is full of ore just waiting for the CGP2 crusher commissioning. Works to lift the embankment of Tailings Storage Facility 2 (**TSF2**) along the south and western walls are complete with the focus now shifting to completion of the Northern wall whilst the weather allows.

May saw the mobilisation of two (2) West Core Drilling exploration drill rigs to commence a deep drilling programme aimed at exploring the long-term underground potential of the Greenbushes ore body. Holes will be drilled down to a depth of 1km below surface (500m below the base of the current planned open pit).

The processing team is becoming actively involved with the CGP2 commissioning activities to ensure that all maintenance personnel and process operators are familiarised with what will be handed over in the coming weeks. The focus must still however very much remain on the TGP and CGP1 plants as these are integral to the Site meeting its production targets for the year.

TALISON COMMUNITY LIAISON OFFICE

The Talison Community Liaison Office will be available to community members to provide information and answer queries regarding Talison's current activities and future operations.

No booking required, drop in and have a chat.

PLACE:	Greenbushes Community Resource Centre
DAY:	Third Wednesday of each month
TIME:	4-5pm
EMAIL:	gbcontact@talisonlithium.com
PHONE:	97825700

Lighting Up Tennis in Balingup

Finally the lighting is going in at the Balingup Tennis Club.

A busy bee was held on Saturday to dig out the trenches for the electric wiring and for the four light poles which will be located between courts 1 and 2.

Lighting and surfacing the courts has been ongoing for over 12 years and with dedication from several members it is now a reality.

Andrew Scott was successful in winning an award from Bendigo Bank as Club Volunteer of the year in our Shire and has put the \$1,000 towards this venture along with \$25,000 Sports South Australia (Federal Government.).

The Balingup Members will donate their time in voluntary hours. Courts 1, 2, & 3 will eventually have a hard surface to allow tennis to be played all year round. Courts 4, 5, & 6 will remain as grass courts.

During the winter months the Croquet Club will make use of some of the courts and will also maintain them during that period.

If anyone has some spare time to help (any time) Andrew is willing to meet you at the courts at a time that suits you. Please call him on 0428 641 197.

Future fundraising events will be held at the Medieval Carnival and a meals night is planned for the winter months.

VOLUNTEERS INSTALL SCHWENKE'S SEATS

Members of the Shamrock Sporting Club rolled up their sleeves and set to work installing a new seat at Schwenke's Dam in Greenbushes as part of a Grow Greenbushes project to create rest stops along a walk trail around the dam.

The project, coordinated by Grow Greenbushes, was supported by the Federal Government's Stronger Communities programme administered through the office of Rick Wilson, Federal Member for O'Connor.

Talison Lithium provided a cash and in-kind labour contribution to the project. Hesketh Contracting donated blue metal for concrete works and ensuring the trail pathways are safer for walkers.

Grow Greenbushes would like to thank everyone who contributed to make the project a success.

Pictured above are Roger Sumner, Steve Green, Justin Matthews, Greg Bacci, Kirrylee Bacci and Douglas Sumner McGhie who all assisted with the installation.

🎵 On The Streets Where We Live 🎵

By Trevor Riley

In this edition we continue Trevor Riley's investigation into the streets of Greenbushes. If you missed the first edition e-copies of our newsletter can be found on the Greenbushes CRC website—Resources>Downloadable Documents.

Spring Gully Rd.

In 2017, a tourist, "Helen G" of Perth visited the Greenbushes Pool and wrote a complimentary review for Trip Advisor. "Greenbushes Pool is located in the 5 hectare Norm Lindsay Reserve which is accessed via Spring Gully Road around 2 kms from the town. In the 1890's the pool was excavated from a natural spring and was used as a water supply during tin mining in the area at that time." Miners seeking alluvial tin prospected in water courses in gullies; New Zealand Gully, Dumpling Gully and Saltwater Gully were well-known. In 1889, a press correspondent wrote that "About a fortnight ago, the Spring Gully Company made a start". And the South-West Times reported on Saturday 8th January in 1927 that "Bert Buchanan has started work in sluicing tailings below Mitchell Dam in Spring Gully." So with the mining access-road tracking the locally-recognised Spring Gully, what else would they call it?

Maranup Ford Rd.

Blackwood River, Blackwood Valley, and Spring Gully, are well-known regional landscape names but "Maranup Ford" is unique. The farm site was first settled by Hugh M. Browne in 1898. His grandson Hugh with wife Melva, run the property as a tourist destination today, 120 years later. H.M. Browne jointly farmed the site with 2 partners. They needed a road up to Greenbushes to market their produce so they "scratched a road with pick and shovel" and approached the Roads Board for reimbursement of costs. They got no funding but they had to propose a name for the road.

The brook which runs down through the property and across the road is huge, with excellent quality water, and there was a fabulous source of marron in the river nearby. "Marrinup Ford" had already been named, probably by an early surveyor, and was used as a crossing by local settlers on their way to trade in Bunbury but it was spelled in an Australian attempt to adapt an Aboriginal name. The original Hugh Browne disputed the spelling if it was to be used for the road, and discussed it with his neighbours. The resulting compromise was to use the word "Marron", adapted to "Maran" with the typical Aboriginal suffix "-up" which means "a place near water" and the result was the way it is spelled today. Subsequently there was a bridge built across the Ford and the completed road became the trading link between Greenbushes and the Brockman Highway to Nannup and the coastal towns. Thus, the proposed compromise spelling was accepted and the title "Maranup" Ford Road described their idyllic site perfectly.

Early settlers or prominent individuals?:

Collins St.

Through the State Batty Library records of Post Office directories, I learned that in 1893-94 there were only 6 names listed at Greenbushes. By 1895, the number had risen to 17. Five years later, in 1900, I'd call it a mining boom: the number of listed Greenbushes residents was ~575. Thomas Collins was listed as a Greenbushes miner from 1900 to 1904 then as a Mine Manager in 1905. His son, Thomas Jnr, was also listed as a miner in 1905, and a John Collins was another miner in the area in 1905. Later, an E. Collins was killed in action in World War 1. Thomas Collins was on the Greenbushes Hospital Committee, and The Bunbury Herald in 1902 reported that the mine site he managed "has several shafts and an open cut at work." His role in the community could well have justified naming a street after him. **See the picture on the facing page.**

🎵 On The Streets Where We Live 🎵

By Trevor Riley

George St.

Although the George name was not found on resident lists, a report of the inward correspondence to the Greenbushes Board in the Blackwood Chronicle and South West Mining News, 11th July 1906, cited a "Letter from Mr George, hon secretary of the local branch of the Political Labor Party" seeking a change on behalf of the Party members to the system of calculating Greenbushes land rates. That Mr George would have been a person of significant influence in the mining town.

Jephson St.

Jephson is an uncommon surname but with the Christian names of Maynard Hugh, the research confirmed that the street was probably named after Maynard Hugh Jephson. The 1896 Police Gazette, page 195, outlines a Kalgoorlie warrant for his arrest for unpaid debt of an amount of £412-8-8 to one George C. Hamilton. To prevent him 'doing a runner' he was "To be arrested at any seaport of the Colony, but not elsewhere." He was a warden of the Kalgoorlie Court at the time. His application for discharge of bankruptcy was later approved on October 6th 1900. But this had nothing to do with his notoriety in Greenbushes. In 1899, Maynard Hugh Jephson was the first Secretary of the new Greenbushes Club Ltd and in that role, he made "Application for Club Certificate" ... "under The Wines, Beer and Spirits Act, 1880, Amendment Act 1893." The Club was considered a "gentleman's club" by local press. Maynard Hugh Jephson got the Greenbushes Club up and running with their liquor licence. In those circumstances, it is highly likely that his peers thought he should have a street named after him.

Jephson with its double width plus median strip

Lindsay Rd.

The Lindsay family were prominent in Greenbushes business, mining and community. They owned the farm property at the top of Lindsay Rd, overlooking today's Highway, where Trevor and Sue Bottomley live now. Records show that the Careeg Brothers, who owned the original Greenbushes Store in the present Discovery Centre site, sold the business to Huntley Edward Lindsay in 1907. A Mr B. Lindsay was listed as an early store owner. John Lindsay was a member of the Greenbushes Hospital Committee. Jas. (James) Lindsay lived in the area and worked as Manager of Greenbushes Tin Mining & Water Supply Syndicate in 1909. And the Shire Heritage records note that the Norm Lindsay Reserve was named after Norm who was a descendant of the "pioneering, mining and business families in the Greenbushes district". R.T. Lindsay enlisted in WW1 and N.W. Lindsay died in action. Four of the Lindsays who lived here including A.F. (from a different family of Irish descent) plus H., J. and N. Lindsay enlisted in WW2. And much later, Norm was well-known for his role as the athletics starter at the 1962 Commonwealth Games. I found no evidence to suggest that the road was named after one particular Lindsay but there is little doubt that "the Lindsays" had a huge impact on the early Greenbushes community.

To be Continued in the July Edition

GREENBUSHES FUN RUN AND MTB 26 MAY 2019

Pink tutus, pink wings, pink ribbons and pink hair added to the fun atmosphere amongst competitors and supporters at the 2019 Greenbushes Fun Run and MTB on Saturday May 26.

There were 275 registrations across all categories in this year's event with the 5km run/walk receiving the highest number of registrations (154).

The manual registration on the Saturday afternoon prior to the event also proved popular with more than 100 people taking the opportunity to do a paper registration.

This year's event raised funds for Breast Cancer Network Australia and Telethon Kids Institute Type 1 Diabetes Research. As soon as the tally is finalised it will be posted on the Facebook Page and in the next edition of the Greenbushes Balingup Newsletter.

There were a number of Race Records set this year.

Congratulations to the following people:

10km Run - Female Veteran Simone Solomon 01:05:14.24
5km Run - Male Junior Tom Goldsmith 00:24:59.83

15km MTB - Male Junior Tom Goldsmith 00:42:08.24
15km MTB - Male Veteran Phil Milburn 00:39:00.93
15km MTB - Female Veteran Pauline Larsen 00:48:52.32

5km MTB - Male Junior Ethan Willey 00:16:48.74
5km MTB - Male Open Richard Avery 00:16:52.04

The Fun Run Raffle made \$698

- 1st prize – Mark
- 2nd prize – Tilly Butler
- 3rd prize – Black D61
- 4th prize – Kim
- 5th prize – Heather
- 6th prize – Tilly Butler
- 7th prize – Ford Holmes

Thank you to all the local businesses who donated prizes for the raffles.

Keep an eye out on the Telethon Kids Institute Facebook page and Twitter account to see some photos from our event.

SCHWENKE'S DAM GREENBUSHES

If you haven't visited Schwenke's Dam yet, then you really should make the effort to see this beautiful water body.

Local photographer Leanne Green captured the area wearing its picturesque misty drapes recently.

There's a connecting walk trail from the Greenbushes Pool to Schwenke's Dam or park in the carpark off Spring Gully Road.

If you have a photo you would like to submit to have published in our newsletter please send to: reception@greenbushescrc.net.au

SINGERS PERFORM AT GREENBUSHES SCHOOL

The benefits of singing for health and wellbeing are now being documented and it was with this message in mind that the Greenbushes Community Singers performed for students at the Greenbushes Primary School.

Able led by Trevor Riley, the group performed and shared their love of music with the students.

New members are welcome to join the group which meets from 1:30pm to 3:00pm at St Barnabas Church each Tuesday. See the advertisement in this edition for more details.

Terry Redman MLA

Member for Warren-Blackwood
*Working with regional communities
 to create a better future for
 families, businesses and towns.*

Community Grants slashed from State Budget

Community driven project funding has been slashed from the Royalties for Regions program in the recent State Government budget. The Community Chest fund has been scrapped with no funding available into the future. This is a real shame for regional towns as the scheme supported many projects that were highly valued by community members.

It is a tragedy Royalties for Regions is being used as a 'piggy bank' to pay for normal government services such as water, school bus services and teacher assistants. Regional WA misses out as funding is diverted to city projects such as Metronet.

Climate Change - actions

I was pleased to present at the Augusta Climate Change forum and to attend the Climate Action Summit in Margaret River. There are some interesting ideas emerging regarding actions we can all take. I believe recent advances in energy technology and micro-grids provide an opportunity to explore alternative power options that are cost effective and reliable. These advances should help communities such as Walpole that has recently experienced an unacceptable number of power outages.

Regional Taxes

There is some dispute between regional taxi operators and the McGowan Government as to whether they own their taxi plates or just lease them from the State Government. Many operators paid significant sums believing they were purchasing the plates, but have been told by the Minister for Transport that they were buying a business - not the plates. This dispute is behind the push from regional taxis for compensation as the new On Demand Transport reforms are implemented.

It is vital our towns maintain a taxi service. Many elderly people utilise taxis to take them to the shops or to visit friends. A lack of service will mean they will lose some independence. I am also aware people use taxis when going out, mindful of the strong road safety messages around not drinking and driving.

I will pursue this issue so that regional towns maintain a taxi service.

THE NATIONALS for Regional WA

PLANT OF THE MONTH

with Felicity Littleton

Leucopogon propinquis No common name.

Leucopogons are known as Beard Heaths (which refers to the densely bearded corolla lobes) and also Southern Heaths. They are closely related to the Heaths of Europe (ERICACEAE Family).

There are around 200 species in W.A. with over 30 species in the South West. You might notice that they certainly look like the garden plant "Erica" as they all bear tubular shaped flowers.

Very soon, I will be signing off for a while from writing "Plant of the month" as I am due to have a hand operation. However, could not help but notice the amazing displays of L. propinquis this year. It is flowering everywhere, and abundantly. We are seeing a "field of white" in many areas here in the Greenbushes bushland.

I think it is a marvellous thing especially for bees and other pollinators to have some food....given that there is an overall shortage of flowering Marri trees and other flowering plants.

Perhaps it is due to the rather warm and dry May we are experiencing.

I got chatting to a lady photographing plants at the pool surrounds, and she said her favourite was "Tassel flower", which is the largest Leucopogon. This has a pretty pink tassel shaped flower. It also flowers from August to October, so, she might have to wait a while to get a good picture.

The secret is, we have one up in the Community Garden – interesting, you see, because you cannot buy them.

Greenbushes Community Garden

The members of the community garden have decided not to hold any Community Morning Tea / Crop Swaps throughout the winter months. We will begin again in Spring when the weather is beginning to warm. Over the winter months we will instead focus on busy bees for general maintenance and garden development. We will place flyers around town when the first of these is scheduled and would love to see you then for a warm cuppa and getting your hands in the dirt!

GREENBUSHES COMMUNITY SHED

On Friday 3rd May Samantha Farquhar of Time Out for Hair drew the wood raffle on behalf of the Shed. The raffle was running for some weeks, with tickets on sale at the Greenbushes CRC, Road House, Time Out for Hair and outside the Bridgetown Newsagency. A special thank you to all the businesses who supported our ticket sales and to Yornup Mill and Davmech for their generous contribution.

The winners were;

Trailer of wood kindly donated by Greenacres Mill.

Winner - Jill Christian of Greenbushes.

\$50 Community Voucher kindly donated by Davmech.

Winner - Evan Edwards of Bridgetown.

An item made by one of our Shed members.

Winner – Carol – Bridgetown.

Thank you to everyone who supported our Shed through the purchase of tickets or donations. The Shed raised around \$500 which we will use towards the purchase of additional equipment.

Greenbushes Community Resource Centre News

Great news - the **Greenbushes CRC** has been successful in obtaining a grant through "**St John Heart**" and thanks to **Lotterywest** we now have a **Defibrillator** installed on the exterior of our building (in the front courtyard) for the community to use. Please note: In case of an emergency and you need to access the defibrillator please call 000 and they will provide you with an access code.

Below we have included some information about the St John Ambulance "**First Responder App**" you can install on your **smart phone**.

During May we also ran a Macramé Pot Hanger workshop with Tammy from "Pots & Tangles" which was a great success so we have booked two Macramé Wall Hanger workshop in August. Both sessions have already sold out but please contact us on 9764 3575 or reception@greenbushescrc.net.au if you would like to be put on the waiting list.

Don't forget to follow us on Facebook to find out what is going on at the CRC. Until next month—stay warm.

Nicole and the CRC Staff & Volunteers

St John Ambulance WA has released a new, free smart phone app: First Responder.

The app has a range of features including:

- ♥ One being its unique first responder capability. The app allows qualified first aiders to sign up as a first responder and be notified when someone has called 000 for an ambulance within 500 metres of their current location and in a public place.
- ♥ First aid instruction guides – helping you to treat a range of injuries and illnesses.
- ♥ Triple zero (000) calling with automatic GPS location – calling 000 from the app will send your GPS coordinates direct to the St John State Operation Centre, making it easier for an ambulance to locate you.
- ♥ Defibrillator (AED) locator - showing all the defibrillator locations near you.
- ♥ Upload the location of new defibrillator (AED) locations that aren't currently appearing on the app.
- ♥ Locate nearest medical centres and emergency departments - including live ED waiting time information.
- ♥ Patient transport services information.
- ♥ Your first aid course information and refresher reminder notices
- ♥ First aid tips and special offers - keeping you up to date with handy first aid information.

First Responder is a free app and available on [Apple's App Store](#) and [Google Play](#). You can find out more about how to use the app in our [First Aid Responder App Guide](#).

GREENBUSHES TO BRIDGETOWN 2019 SHOPPING BUS RUN

The Community Bus shopping run service operates on alternative Tuesdays from Greenbushes to Bridgetown, and back again! This service is available at a cost of \$8 return to anyone living in Greenbushes who would like to come to Bridgetown.

The bus run operates every second Tuesday departing Greenbushes Roadhouse at 9.00am and leaves Bridgetown Butchers at 11.30am.

Parcels may be deposited in the bus throughout the journey so heavy shopping does not have to be carried.

For more information, please contact Rebecca Redman at the Shire of Bridgetown-Greenbushes Community Services Department on 9761 0800.

BLACKWOOD VALLEY Real Estate

WINTER IS HERE

Time to make sure your flue is clear, to prevent any chimney fires! Clogged gutters can be breeding grounds for mosquitoes, cockroaches, spiders and even mice. Clean gutters will prevent them from breeding and entering the home.

Call us, or pop in today and talk to Trudy, Sheryn and Sharon about how we can help you with all your real estate needs. From renting your property to selling or buying. We can help. We are the only locally owned real estate in Bridgetown.

Magnificent Opportunity to Acquire a Property with a Lot to Offer

53 Ridge View Avenue Boyup Brook For Sale for \$289,000

From the front veranda you overlook an easy to manage garden surrounded by a white picket fence in the relaxed Ridgeview Estate. This well presented three-bedroom, one-bathroom home set on approx. 5 acres has had the hard work done for you and is ready for you to simply unpack your things and enjoy.

The lounge room is climate controlled by way of wood combustion heater and reverse cycle air conditioner. Moving to the large country kitchen/dining with electric cook top, oven and dishwasher this is a great space for the family providing ample bench and cupboard space with the walk-in pantry providing plenty of additional storage

Outside is a relaxing deck providing year-round outdoor access overlooking the grassed house yard the whole family can enjoy. There is a fully lockable 9m x 6m approx shed with power, the possibilities for this area are endless. There is an additional garden shed, 2 bay horse stall with a covered bay for feed storage next to three shaded paddocks.

This great property is 5.3kms approx. out of Boyup Brook and 26km approx. from Bridgetown and is a brilliant opportunity to secure the lifestyle change you have dreamed of.
